FOUNDATION CLASSES

Monday Evenings 7 - 9.30pm OR Saturdays 10am - 5pm

The Foundation Course is for complete newcomers to astrology as well as for those who wish to consolidate their previous knowledge within a structured course. The focus throughout is on learning the art of chart interpretation and the course aims to provide an understanding of the language of astrology and the ability to interpret the basic birth chart with confidence. Along the way you will also learn the art of calculating a birth chart for yourself and will acquire the astronomical knowledge supporting this process. You will also be introduced to the history of western astrology and encouraged to explore your own ideas about astrology's nature and its place in the world.

Completion of the Foundation Course is a significant achievement and will provide you with a solid basis for more advanced study. On completion, each Foundation Course module also attracts 20 credits towards the Faculty's Diploma qualification – full details of the credit-based qualification system can be found on the Faculty website.

DIPLOMA SEMINARS

Saturdays 10am - 5pm

Diploma seminars are ideal for students who wish to follow a comprehensive training in astrology. Diploma Level 1 consists of Modules 4, 5 and 6 and attracts 20 credits each. We now have a new system in place at Diploma Level II. Midpoints, Synastry, Mundane Astrology/The Individual & the Collective and Advanced Interpretation & Astro-Consultancy have remained compulsory, making up 45 of the 60 Module credits required at this level. The remaining 15 credits can be made up from a choice of optional Part-Modules: Harmonics, Astro-Geography & Relocation, Electional Astrology and The Astrology of the Family. For full details, visit our website. Distance Learning students can attend some of these seminars. Please contact the head tutor (head.tutor@astrology.org.uk) for further information.

If you do not wish to follow the full programme or gain the Diploma, you can enrol on a single seminar or course in order to learn new techniques or gain confidence with chart interpretation.
